Harold,

Since I know that you are interested in the Watergate affair and since you probably can't recall everything in your files I thought I'd bring to your attention an interesting coincidence.

You wrote me about a year ago about an ex. C/A man named Herman Kinsey (now dead) who had evidence of C/A involvement in the JFK assassination which he had deposited with his attorney, ~~Hector~~ Henry Rothblatt of NYC.

By coincidence ~~Hunt~~ Henry B.

Rothblatt of NYC just happens to be the attorney for McCord. Interesting!?
